The school will notify all eligible students informing them of the availability of additional grants. The email will include an application form to be completed by the student seeking to be considered for an additional funds for an additional emergency need-based grant and the amount of such grant. CARES Act Student Acknowledgement In these pandemic times, we are so proud to be a part of the Brazoria County community. We would like to thank you all for your continued support and patience as we try to navigate through the new normal. After closely monitoring developments in the current COVID-19 situation and by following guidance and recommendations from local, state and national health authorities, we decided to temporarily close our doors. Through the quick response and hard work of our Natural Images Beauty College team, we were able to launch a temporary distance education plan to continue giving our students the best possible education under these circumstances utilizing brand new teaching methodologies. This plan was approved by all of our governing entities (US Department of Education, NACCAS and TDLR) to ensure that our students will continue on their educational plan toward graduation and licensure. This plan consists of keeping the students schedule of 20 or 34 hours a week of theory and practical instruction, at our regular schedule Tuesday-Saturday. Clock hour credit is based on student attendance time as well as active participation in polls, tests, and chat discussions. Our students are able to continue their education using the Zoom and Pivot Point LAB app and have access to chapter PowerPoints as their instructor is teaching in a synchronous environment. through temporary distance 3 | P a g e education, but as you can imagine, this is a much larger undertaking as we face supply shortages, longer shipping times, technology deficiencies in our student population and ensuring the health and safety of all our students and staff. Thank you for your continued patience as we continue to work on behalf of our students to deliver the high quality of education that is so important to us all.

We are committed to keeping our students and community informed in a timely manner. We are currently communicating with students via email, phone calls, texts and announcing any important updates and information via our social media pages. Students will need to monitor their email closely, as we are sending important paperwork as needed. We will also continue to

update our website with important information. We will continue to work closely with local, state and national health authorities to ensure our students and clients the safest and most efficient learning experience possible. Tamera Davenport Director of Operations Natural Images Beauty College.
